ACTIVITIES

Happy Brick Food (department-store restaurant)

Server · Chinese–Korean liaison

Relayed requests in Chinese and Korean between the Chinese chefs and Korean managers who didn't speak Chinese, and resolved the frequent customer complaints typical of a department-store location.

Translating a Chinese friend's presentation script into Korean

Translation · Review

Rather than translating literally, I went through each point with my friend to find the right Korean expressions for a talk on Chinese culture. This experience convinced me to build a career connecting Korea and China.

"Turtle Program" (on-campus certification program) · 2 rounds

Excellence Award (once)

Supported the team leader by proposing schedules and how to split prep and joint work, which made our report richer, and explained unclear points to teammates to keep the team efficient.

Misoya (restaurant)

Server · Customer service · 1.5 years

After early mistakes I built a habit of double-checking orders, grew to run the floor on my own, and served without errors even on days with twice the usual sales. As the longest-serving staff member I trained new hires and was praised for teaching kindly and patiently.

Three cafés (Mega Coffee · Ediya Coffee · Compose Coffee)

Barista

Learned a complex recipe menu in a week and was working shifts alone within a month; at later cafés I worked solo within two weeks. During the busy baseball season I split tasks with coworkers and earned the manager's trust.
